GUIDED PAYMENTS

Sean Russ
Powered by Priority Business Solutions
Cape Coral, Florida

WHO IT'S FOR

Counter-service and quick-service restaurants, retail shops, salons and spas, and anyone who wants proven hardware with a big app market.

WHAT IT DOES

- Lineup from handheld to full countertop: Clover Flex, Mini, Station, and Station Duo.
- Built-in payments, inventory, employee management, and customer tools, plus an app market for scheduling, loyalty, and more.
- Dual pricing supported, so the business can offset card costs on the device and the receipt.
- Equipment and pricing reviewed together, so the owner sees the whole monthly picture.

HOW SEAN HANDLES IT

Clover devices are quoted with processing included. Sean matches the device to the counter (or the floor) and sets up dual pricing where the owner wants it.

Availability, compatible hardware, integrations, program eligibility, and any software or add-on costs are confirmed in a written quote. No pricing in this sheet on purpose.

SPOT IT

- Opening or expanding a storefront
- "We need a real register, not an iPad"
- Asking which POS "just works"

SAY THIS

"Have you picked a POS yet? Sean can quote Clover with the processing built in, so there are no surprises later."

THEN

Send the contact to Sean the same day, or point the client to **guidedpayments.com/pos-center**. Sean takes it from there.
