WHO IT'S FOR

Businesses already on Square, or considering it: cafés, retail, salons, service businesses, pop-ups and mobile sellers.

WHAT IT DOES

- Keep the Square tools the business already knows: register, inventory, online store, appointments, team management.
- Sean reviews the current Square setup and pricing and tells the owner what's working and what isn't.
- New locations and new businesses can be set up on Square through Guided Payments.
- Square dual pricing is coming soon; Sean can say where it stands for a given business.

HOW SEAN HANDLES IT

Sean sells and supports Square directly. Nothing has to change for the owner who likes it; the conversation is about making sure the setup and pricing fit.

Availability, compatible hardware, integrations, program eligibility, and any software or add-on costs are confirmed in a written quote. No pricing in this sheet on purpose.

SPOT IT

- "We're on Square" or "we're thinking about Square"
- A client opening a second location on Square
- A Square user asking about passing card fees to customers

SAY THIS

"Sean works with Square directly. He can check your setup and pricing without you changing anything you don't want to."

THEN

Send the contact to Sean the same day, or point the client to **guidedpayments.com/pos-center**. Sean takes it from there.
